SUMMARY

Results-driven Data Analyst with 3+ years of experience in transforming complex financial data into meaningful insights. Skilled in SQL, Python, Power BI, and Excel for end-to-end data extraction, transformation, validation, and visualization. Experienced in building automated ETL workflows, anomaly detection frameworks, and scalable data solutions. Committed to delivering accurate analytics that drive informed decision-making and business growth.

TECHNICAL SKILLS

- **Languages:** Python, SQL
- **Libraries/Frameworks:** Pandas, NumPy, Matplotlib, Seaborn, Regex, DAX
- **Tools & BI Platforms:** Excel, Power BI, Tableau, Snowflake, Alteryx
- **Databases:** MySQL, Microsoft SQL Server, PostgreSQL
- **Platforms:** Visual Studio Code, Google Colab
- **Cloud Platforms:** AWS (Textract, S3), Adobe API
- **Data Science:** Data Modeling, Data Preparation, Data Transformation, Data Validation, Dashboard Design, Data Visualization, Business Intelligence, Data Pipelines
- **Soft Skills:** Effective Communication, Problem Solving, Analytical Thinking

PROFESSIONAL EXPERIENCE

Data Analyst (SDE)

Apr 2023 - Nov 2025

Q3Veni Financial Information Private Limited, Hyderabad, India

PROJECT: Financial Pulse –Advanced Credit Analysis Platform

About the Project: Financial Pulse is an advanced credit platform designed for NBFCs, banks, and financial institutions to enable intelligent credit analysis. It integrates Generative AI (Llama 3, OpenAI) for contextual insights, automates financial data extraction and standardization (Adobe API, AWS Text Extract), and utilizes a scalable Python-MS SQL backend for anomaly detection and deep financial evaluation.

Responsibilities:

- Engineered automated ETL pipelines to extract, transform, and load financial statement data from multiple sources, reducing manual risk data processing time by 70% and significantly improving data accuracy for regulatory reporting workflows.
- Designed and deployed automated workflows for extracting and standardizing financial data from raw PDF documents using AWS Textract, supporting risk assessment processes by processing 500+ financial statements per month.
- Developed and optimized SQL-based data pipelines and database structures, enabling faster risk data interrogation and reducing query runtimes by up to 45% across large-scale financial datasets.
- Built risk detection and financial anomaly-identification frameworks to flag inconsistencies, missing values, and outliers, increasing validation accuracy by 20% and ensuring 99% data integrity for compliance-critical reporting.
- Enhanced data quality through robust cleansing, transformation, and enrichment techniques, ensuring audit-ready, compliance-aligned datasets and cutting manual reconciliation effort by 30%.
- Performed advanced data mining and exploratory analysis on 1M+ financial records, uncovering risk indicators and financial anomalies that supported key business decisions.

- Collaborated with cross-functional teams to define KPIs and translate risk and business requirements into scalable analytical and technical solutions.Your paragraph text

Data Science Intern

Jul 2022 - Mar 2023

Q3Veni Financial Information Private Limited, Hyderabad, India

- Specialized in automating the extraction of financial data from complex PDF documents using Python.
- Transformed unstructured information into clean, structured datasets through parsing, validation, and standardization techniques.
- Persisted the processed data in MS SQL Server to support efficient analysis and reporting.

EDUCATION

Master of Science in Information Technology

Nov 2021 - Mar 2023

- *INTERNATIONAL INSTITUTE OF INFORMATION TECHNOLOGY, HYDERABAD*
- CGPA: 8.9 | Domain: Data Science

Bachelor of Technology

Jun 2017 - Jun 2021

- *GITAM UNIVERSITY, HYDERABAD*
- CGPA: 8.2 | Domain: Electronics and Communication Engineering

CERTIFICATIONS

- Data Camp - Data Analyst Associate (**Certification**)
- Alteryx Designer Core Certification (**Certification**)

COURSES

- Data Camp - Associate Data Analyst in SQL (**Certificate**)
- Data Camp - Data Analyst in Power BI (**Certificate**)
- Data Camp - Associate Data Engineer in Snowflake (**Certificate**)
- Data Camp - Associate Data Engineer in SQL (**Certificate**)
- Data Camp - Alteryx Fundamentals (**Certificate**)
- Data Camp - Tableau Fundamentals(**Certificate**)
